

## Standard Modifications

- Any cabinet that requires a modification must be assembled by KCD.\*
- Note that the price of the modification does not include the price for assembly.
- Add your modification request to the notes box on your or Dealer Portal order or RFQ and submit to [customercare@kcdus.com](mailto:customercare@kcdus.com).
- Modification lead time will match current assembled lead times. Painted orders will be 2 weeks out.\*\*

| Modification Code | Description                                     | Cost   | Additional Parts Needed                                   | Detailed Description   |
|-------------------|---|--|---|--|
| RDW               | Reduce Depth Wall                               | \$50   | None  | Reduce the depth of a Wall Cabinet and the interior shelf to the desired dimension. If required, new holes will be drilled for shelf clips.  |
| RDVS              | Reduce Depth Vanity Sink base with false fronts | \$50   | None  | Reduce the depth of a Base Cabinet to match that of a Vanity Cabinet depth at 21" with False Fronts installed as required.   |
| RDVD              | Reduce Depth Vanity base with Drawer(s)         | \$100 + \$10 per drawer                        | Vanity glides or custom glides                            | Reduce the depth of either a Base Cabinet or Drawer Base Cabinet to match that of a Vanity Cabinet depth at 21". Drawer boxes will be modified to accommodate the 21" depth. Vanity depth reductions include the cost of drawer glides; additional fees apply for custom depth glides.   |
| RDP               | Reduce Depth Pantry                             | \$100  | None  | Reduce the depth of a Pantry Cabinet to the desired dimension. If required, new holes will be drilled for shelf clips. Note that standard Roll Out Trays (ROT) will no longer fit into the modified Pantry.  |
| ID                | Increase Depth                                  | \$200 + cost of (2) TEP's and (1) YN-SHELF2496 | (2) TEP<br>(1) YN-SHELF2496 (painted for Taylor cabinets) | Increase the depth of any cabinet up to 30" with the exception of CW, and ER. Increasing the depth of a cabinet requires the additional purchase of up to two matching color Tall End Panels and (1) YN-SHELF2496 per cabinet modification. For Taylor cabinets, the YN-SHELF2496 will have to be painted to maintain the painted interior of the cabinet. If required, new holes will be drilled for shelf clips. |
| FI                | Cabinet w/ Finished Interior                    | \$150  | None  | Paint the interior of any cabinet to match the exterior paint color. Interior matching is also available for Shaker Espresso and Brooklyn Slate, but is not available for Lenox Mocha at this time.  |
| PFG               | Prep For Glass<br>(door route finished)         | \$50 per door                                  | None  | Prepare the door for glass by routing the interior panel of the door. Interior route will be finished to match paint or stain of the cabinet. This service is charged per door. Glass not provided. Additional charge applies to paint interior, see Finished Interior modification.   |
| BSB               | Convert Base into Sink Base                     | \$25   | None  | Convert a Base Cabinet to a Sink Base Cabinet by removing drawer + hardware and creating false fronts by permanently attaching the drawer heads to the cabinet.  |
| FDS               | Install Full Depth shelf in base cabinet        | \$25 + cost of shelf                           | YN-SHELF2496  | Custom create a full depth shelf for the inside of any Base Cabinet by cutting a 24" deep shelf to span the complete depth of the cabinet.   |

|      |   |                      |   |  |
|------|---|----------------------|---|--|
| RB   | Reverse Base cabinet, with drawer at bottom                 | \$50 + cost of shelf | YN-SHELF2496<br>for Taylor<br>add (1) TEP | Reverses the location of the drawer(s) on a base cabinet, by placing the drawer(s) on the bottom and installing a shelf on top of the bottom drawer. For Premier lines add YN-SHELF2496; for Taylor add TEP3096 to create shelf.   |
| BMW  | Convert Base into Microwave Base Cabinet                    | \$50 + cost of shelf | YN-SHELF2496<br>for Taylor<br>add (1) TEP | Converts a base cabinet into a microwave base cabinet by placing the drawers on the bottom, installing a shelf and allowing a microwave to be placed under the countertop. For Premier lines add YN-SHELF2496 to create shelf above drawers for microwave to sit on; for Taylor add TEP3096 to create shelf. |
| CLC  | Custom length cuts for accessories & trim                   | \$10 per cut         | None                                      | Cut accessories and trim to customer length specifications. *Straight cuts only  |
| FPFI | Flatpack w/ Finished Interior                               | \$175                | None                                      | Paint the interior of any cabinet to match the exterior. Paint color Interior matching is available for Shaker Espresso and Brooklyn Slate, but is not available for Lenox Mocha at this time. Cabinet will be repackaged and shipped flatpack.  |
| AOFC | Convert Assembled wall cabinet into Open Faced wall cabinet | \$150                | None                                      | Remove the hinges + doors. Paint the interior to match and ship assembled.   |
| FOFC | Convert Flatpack wall cabinet into Open Faced wall cabinet  | \$175                | None                                      | Remove the hinges + doors. Paint the interior to match and ship flatpack   |

\*KCD offers prep for glass and finish interior (FPFI) for flat pack orders.

\*\*Lead time for modifications requiring painting is 10 business days or the next available assembly date. All other modifications are 7 business days or the next available assembly date.
